Autodesk

An experienced and passionate technical writer applying for the Senior Technical Writer position

Dear Hiring Manager,

Please accept this letter as an expression of my interest in the **Sr Technical Writer** position. I am a highly motivated and progress-focused Information Developer with a long-standing background in this industry. With a track record of initiatives and creativity, I have devised strategic initiatives which I believe can prove valuable to Autodesk.

Throughout the course of my career, I have perfected my authoring abilities and relationship-building skills (with SMEs and other stakeholders) which helps me achieve my goal of technically and editorially sound help documentation. **I am a capable and consistent problem-solver skilled at prioritizing and managing not only projects but also a team with proficiency.**

In my previous role, I contributed collaboration, leadership, and graphics creation toward team efforts and business improvements. I also spark my innovative abilities by participating in innovation days each PI by creating POC of ideas for the betterment of products that I work on.

I have also worked on a version one product developing the content from scratch. I am progressive-minded and in tune with new developments in my field. I have proven to be effective and collaborative with strong critical-thinking talents. **I enjoy collective brainstorming sessions which all me to coordinate activities to achieve a common goal.**

On the leadership front, my efforts were well recognized both at Dassault Systems and Siemens at various events.

Please take a moment to review my attached resume and credentials. I would greatly appreciate the opportunity to speak with you regarding my candidacy.

Thank you for your time and consideration.

Sincerely,

Mahesh Wagh
